

Application of National Coastal Assessment Pollution & Ecosystem Health to LMEs in Regional Seas

Kevin Summers
U.S. EPA/ORD

National Coastal Assessment Goal

- Build the scientific basis, and the local, state and tribal capacity, to monitor for status and trends in the condition of the Nation's (US) coastal ecosystems.

National Coastal Assessment Uncertainties/Questions

- What is the status, extent, and geographical distribution of ecological resources?
- What proportions of these resources are declining or improving? Where? At what rate?
- What factors are likely to be contributing to declining conditions?
- Are pollution control, reduction, mitigation, and prevention programs achieving overall improvement in ecological condition?

Indicator Selection Criteria

Critical Criteria

- Regionally responsive
- Unambiguously interpretable
- Simple quantification
- Index period stability
- Low year-to-year variation
- Environmental impact

Indicator Selection Criteria

Critical Criteria

- Regionally responsive
 - Must reflect changes in ecosystem condition, and respond to stressors of concern across most resource classes and habitats within the monitored region

Indicator Selection Criteria

Critical Criteria

- Unambiguously interpretable
 - Must be related unambiguously to an assessment endpoint relevant exposure or habitat variable that forms part of the ecosystem's overall conceptual model of ecological structure and function

Indicator Selection Criteria

Critical Criteria

- Simple quantification
 - Can be quantified by synoptic monitoring or by cost-effective automated monitoring

Indicator Selection Criteria

Critical Criteria

- Index period stability
 - Exhibits low measurement error and stability of regional cumulative frequency distribution during index period (low temporal variation in regional statistics)

Indicator Selection Criteria

Critical Criteria

- Low year-to-year variation
 - Must have sufficiently low natural year-to-year variation to detect ecologically significant changes within a reasonable time frame

Indicator Selection Criteria

Critical Criteria

- Environmental impact
 - Sampling must have minimal environmental impact

Indicator Type

Indicator

Exposure

Nutrients
Sediment Contaminants
Sediment Toxicity
Dissolved Oxygen concentration
Contaminants in fish and shellfish

Response

Benthic community composition
Benthic abundance
Fish community composition
Pathology in Fish

Habitat

Percent light transmittance
Salinity, temperature, pH
Percent silt-clay

Indicators to Indices

- Water Quality Index
 - Nitrogen, Phosphorus, Water Clarity, Chlorophyll, Dissolve Oxygen
- Sediment Quality Index
 - Sediment Chemistry, Toxicology Tests, TOC
- Habitat Quality Index
 - Long-Term Decadal Mean Loss, Recent Decade Loss Rate
- Benthic Index
 - Diversity, Tolerant & Sensitive Species
- Fish Contaminant Index
 - Tissue Chemistry (Whole & Fillet)

Percent Area in Poor Condition

by Indicator (except Coastal Habitat Index) and Region

| Indicator | Northeast Coast | Southeast Coast | Gulf Coast | West Coast | Great Lakes | Puerto Rico | United States |
|--------------------------------|-----------------|-----------------|------------|------------|-------------|-------------|---------------|
| Water Quality Index | 19 | 5 | 9 | 12 | — | 9 | 12 |
| Sediment Quality Index | 16 | 8 | 12 | 14 | — | 61 | 13 |
| Coastal Habitat Index | 1.00 | 1.06 | 1.30 | 1.90 | — | — | 1.26 |
| Benthic Index | 25 | 11 | 17 | 13 | — | 35 | 18 |
| Fish Tissue Contaminants Index | 31 | 5 | 14 | 27 | — | — | 22 |
| Overall Poor Condition | 40 | 23 | 40 | 23 | — | 77 | 35 |

Draft National Coastal Condition Report II

Overall National Coastal Condition

Ecological Health

-  Water Quality Index
-  Sediment Quality Index
-  Benthic Index
-  Coastal Habitat Index
-  Fish Tissue Index

Overall Great Lakes

Overall Northeast

Overall Southeast

Overall West

Overall Gulf

Overall Puerto Rico

Surveys completed, but no indicator data available until the next report.

* Surveys completed, but no indicator data available until the next report.

Overall National Coastal Condition

Ecological Health

- Water Quality Index
- Sediment Quality Index
- Benthic Index
- Coastal Habitat Index
- Fish Tissue Index

Overall Great Lakes

Overall Northeast

Overall Southeast

Overall Puerto Rico

REPORT CARD

STUDENT: United States

| Subject | Grade | Comments |
|-----------------|-----------|----------|
| Water Quality | C | |
| Sediment | D | |
| Coastal Habitat | D- | |
| Benthos | D | |
| Fish Tissue | C- | |
| OVERALL | C- | |

Showing some improvement, but very slow

Overall West

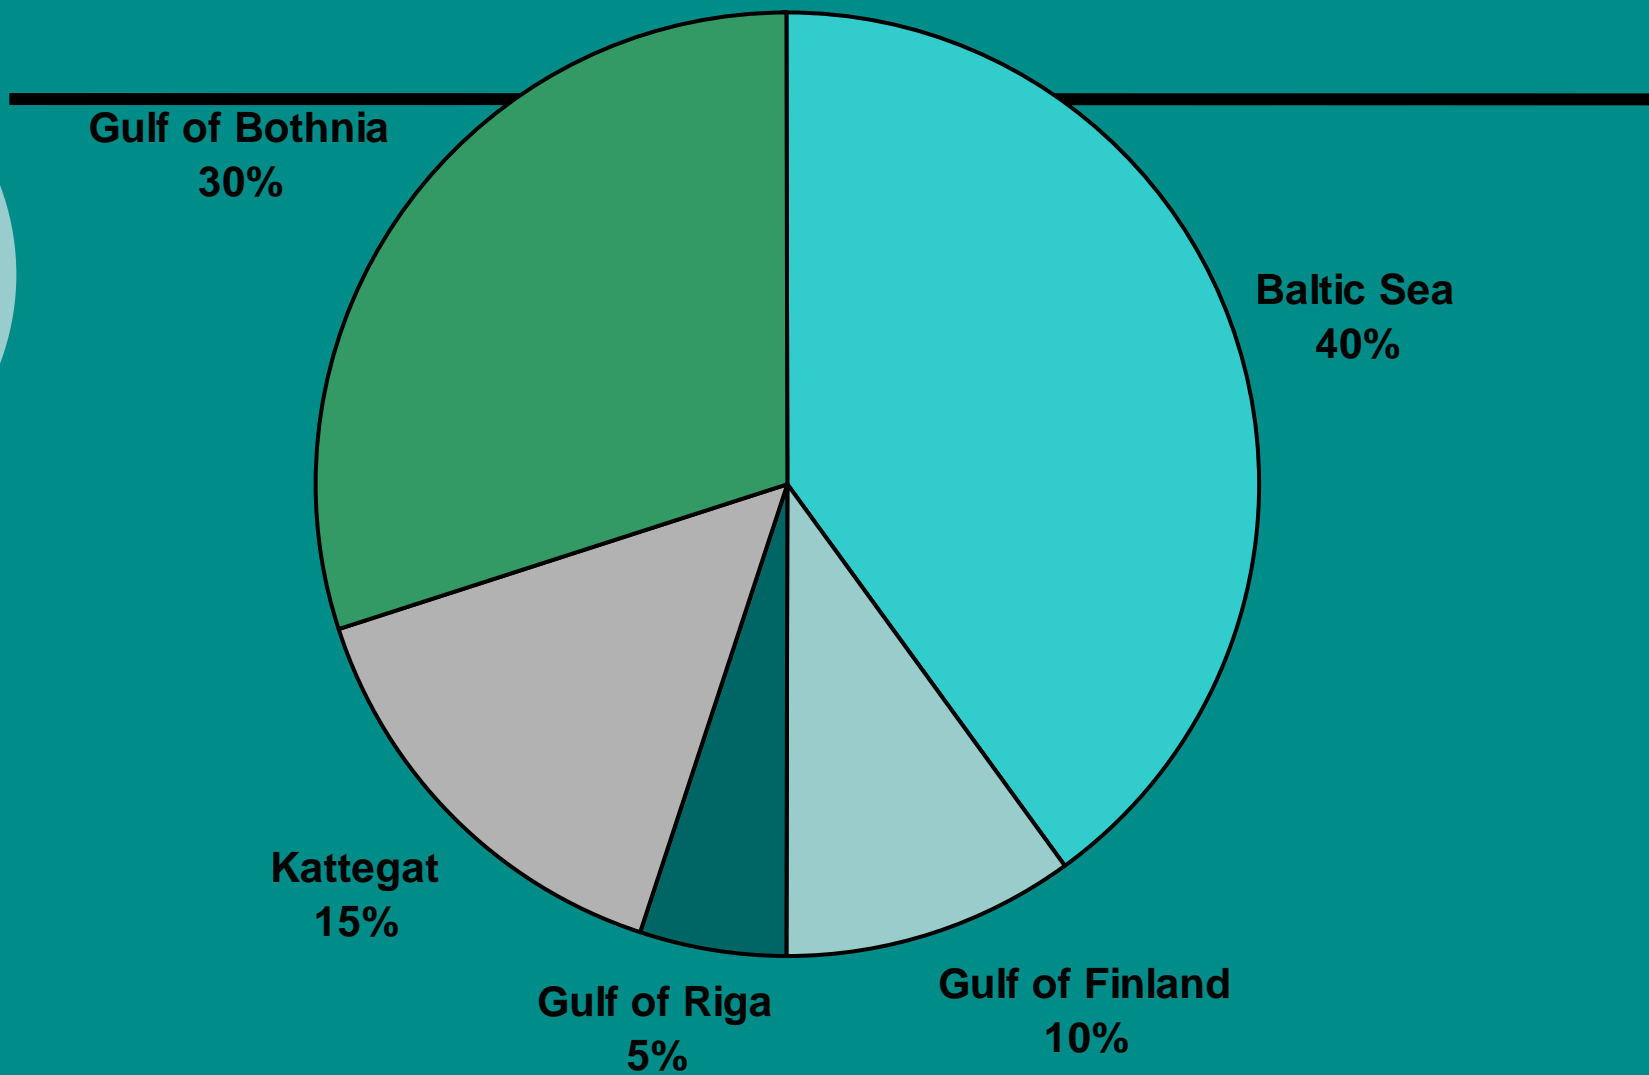

Surveys completed, but no indicator data available until the next report.

* Surveys completed, but no indicator data available until the next report.

Percent Area in Poor Condition

by Index (except Coastal Habitat Index) and Region

| Indicator | Gulf of Bothnia | Baltic Basin | Gulf of Riga | Gulf of Finland | Kattegat | Baltic Sea |
|--------------------------------|-----------------|--------------|--------------|-----------------|----------|------------|
| Water Quality Index | 19 | 5 | 29 | 22 | 7 | 13 |
| Sediment Quality Index | 16 | 8 | 12 | 14 | 14 | 12 |
| Coastal Habitat Index | 1.00 | 1.06 | 1.30 | 1.90 | 1.10 | 1.14 |
| Benthic Index | 25 | 11 | 17 | 23 | 12 | 16 |
| Fish Tissue Contaminants Index | 31 | 5 | 14 | 27 | 7 | 16 |
| Overall Poor Condition | 40 | 23 | 40 | 33 | 26 | 30 |

Baltic Coastal Condition Report

Overall Baltic Coastal Condition (Hypothetical)

Ecological Health

- Water Quality Index
- Sediment Quality Index
- Benthic Index
- Coastal Habitat Index
- Fish Tissue Index

Overall Gulf of Bothnia

Overall Gulf of Finland

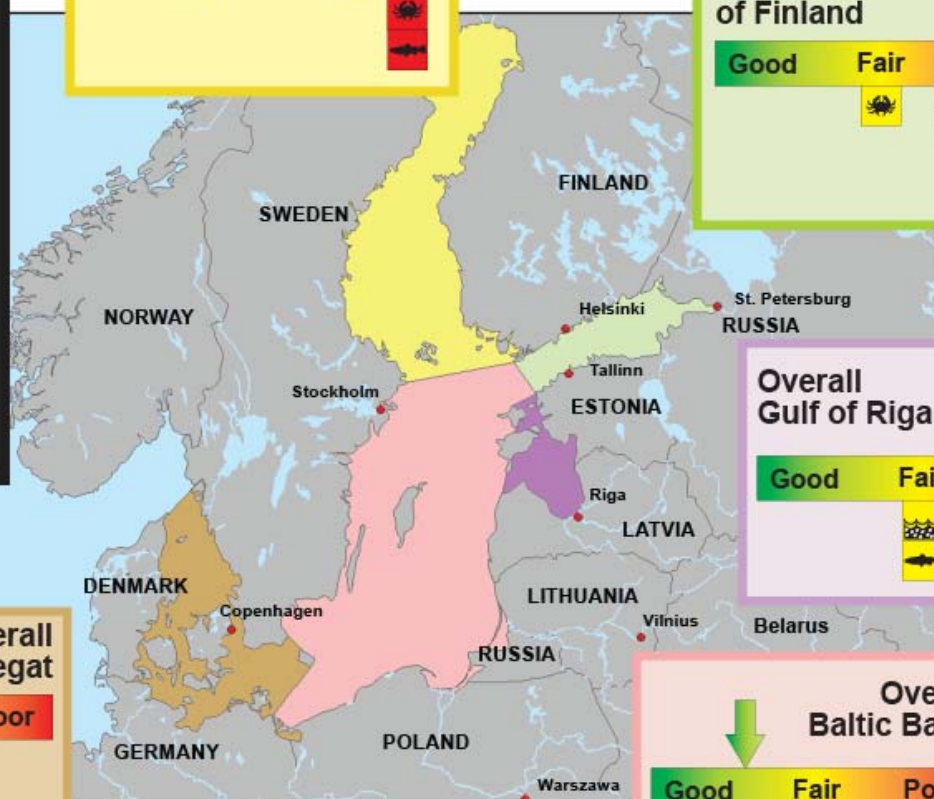

Overall Gulf of Riga

Overall Kattegat

Overall Baltic Basin

Overall Baltic Coastal Condition (Hypothetical)

Ecological Health

- Water Quality Index
- Sediment Quality Index
- Benthic Index
- Coastal Habitat Index
- Fish Tissue Index

Overall Gulf of Bothnia

REPORT CARD

STUDENT: Baltic Sea

| Subject | Grade | Comments |
|-----------------|-------|----------|
| Water Quality | | ? |
| Sediment | | ? |
| Coastal Habitat | | ? |
| Benthos | | ? |
| Fish Tissue | | ? |
| OVERALL | | |

Showing some improvement?

Overall Gulf of Finland

Overall Gulf of Riga

Overall Baltic Basin
