

## Indicative List of Partner Institutions / Organisations

### Areas of Coordination / Collaboration with BOBLME

Acronym	Area of work	BOBLME Component
<b>ADB</b>	Co-financing; sustainable financing (and technical cooperation with ADB-funded projects)	1.2; 1.3
<b>ASEAN</b>	Governance; transnational issues and regional cooperation; fisheries management; fish trade and environment; habitat conservation; MPAs; environmental and natural resources management; ASEAN Marine Water Quality Criteria; pollution; sustainable development; policy support	1.2; 1.3; 2.2; 2.3; 3.1; 3.2; 3.3; 4.1; 4.2
<b>BIMSTEC</b>	Regional cooperation; socio-economic development; fisheries development and management; environmental protection and management	1.2; 2.2; 2.3; 3.1; 3.3; 4.1; 4.2
<b>BOBP-IGO</b>	Technical and management advisory services for sustainable coastal fisheries development and management; promotion of IPoAs and CCRF; fisheries assessment (sharks, Hilsa); conservation and management of fish resources; sub-regional cooperation	1.2; 1.3; 2.1; 2.2; 2.3; 2.4; 3.2; 3.3
<b>Colombo-Plan</b>	Capacity building; environmental planning and management	1.2; 1.3; 3.1; 3.3; 4.1; 4.2
<b>GEF</b>	IW Learn; information dissemination; capacity building; monitoring and evaluation; co-financing	1.2; 1.3; 2.2; 3.3
<b>ICRI</b>	Coral reef monitoring; habitat conservation and management; MPAs; information dissemination; awareness raising; assessments	2.1; 2.2; 3.1; 3.2; 3.3
<b>ICSF</b>	Fisheries management; responsible use of natural resources; co-management and fishing rights; community organizations; ICM; empowerment; capacity building; information dissemination	2.1; 2.2; 2.3; 2.4; 3.2; 3.3; 4.2
<b>IOCINDIO</b>	Remote sensing; ocean observations and forecasts; ocean state estimation; global ocean linkages; ocean data management; GIS; current and biogeochemical measurements	3.1; 3.2; 3.3; 4.1; 4.2
<b>IOMAC</b>	Regional cooperation on marine affairs; management of resources and environment; awareness raising; capacity building	1.2; 2.2; 3.3; 4.1; 4.2
<b>IOSEA</b>	Conservation and management of charismatic species (turtles); habitat conservation; fisheries interaction; awareness raising; information dissemination; regional cooperation	2.1; 2.2; 2.3; 3.2; 3.3
<b>IOTC</b>	Fisheries resource conservation and management; fish stock assessment; fisheries data collection and analysis; database development	2.2; 2.3; 3.1; 3.3
<b>IUCN</b>	Resources and habitat conservation and management; MPAs; ICM; socio-economics and livelihoods; GIS; database development; vulnerability reduction; capacity building; governance; information dissemination; economic valuation	1.2; 1.3; 2.1; 2.2; 2.3; 2.4; 3.1; 3.2; 3.3; 4.2
<b>IWMI</b>	Integrated River Basin Management; water use and pollution control; water quality; siltation; water policy support	2.2; 3.1; 3.3; 4.1; 4.2

<b>MFF</b>	Habitat conservation and management; sub-regional cooperation; investment in coastal ecosystems; knowledge management; awareness raising; empowerment; capacity building; sustainable livelihoods; financing mechanisms; MPAs; governance	2.1; 2.2; 2.3; 2.4; 3.2; 3.3
<b>NACA</b>	Aquaculture-based livelihoods; impact on water quality; capacity building; research; information dissemination	2.1; 2.2; 3.3; 4.2
<b>SAARC</b>	Governance; sub-regional cooperation; economic and social development; coastal zone planning (SCZMC); coastal and marine risk mitigation	1.2; 1.3; 2.1; 2.2; 3.3
<b>SACEP</b>	Habitat conservation and management; environmental protection; ecosystem health; pollution control; sub-regional cooperation; capacity building	2.1; 2.2; 2.4; 3.1; 3.2; 3.3; 4.1; 4.2
<b>SEAFDEC</b>	Resource / habitat conservation and sustainable use; sub-regional cooperation (Andaman Sea); fisheries assessment and management (sharks, mackerel); ICM; capacity building; fisheries resources based livelihoods; responsible fisheries; bycatch management	1.2; 2.1; 2.2; 2.3; 2.4; 3.2; 3.3
<b>UNDP</b>	Climate change; International Waters; cross-cutting issues; capacity building	3.1; 3.3
<b>UNEP COBSEA SASP</b>	Marine and land-based pollution; resource / habitat conservation and sustainable use; information management and communication; capacity building; ecosystem health; ICM and ICARM; oil spill contingency planning; GPA and MARPOL; capacity building	2.1; 2.2; 3.1; 3.2; 3.3; 4.1; 4.2
<b>WB</b>	Co-financing; sustainable financing; investment; ecosystem and resources valuation	1.2; 1.3; 2.2; 3.3
<b>WFC</b>	Research; governance; fish trade; small-scale fisheries; policy support; capacity building; cross-cutting issues	1.2; 2.1; 2.2; 2.3; 2.4; 3.1; 3.2; 3.3
<b>WWF</b>	Biodiversity conservation; charismatic species; sustainable fisheries; fish trade; habitat conservation and management; MPAs; ICM; CITES; TRAFFIC	1.3; 2.1; 2.2; 2.3; 2.4; 3.1; 3.2; 3.3; 4.2

Notes:

1. Government Institutions (Ministries, Departments, and other line agencies) are the primary BOBLME Project implementation partners and not listed here.
2. Local Government Units (Province, District, and Town/City or Village administrations) are also implementation partners, where they have devolved responsibilities for environment or fisheries resources management, or in the identified pilot areas.
3. Universities, scientific and research centers and institutes, as well as national and local NGOs with programmatic areas of relevance to the BOBLME Project are also potential BOBLME Project implementation partners.
4. Collaboration areas 1.1 (TDA), 1.4 (SAP), and 5.3 (Information) are not indicated as they are likely to become areas of cooperation with all partners.
