LME22

Paris, July 2023

Overarching Objectives

To **promote collaboration** among key partners in pursuance of the Sustainable Development Goals (SDGs), in particular the SDG14

To foster a mutually supportive **global network** of leaders and institutions engaged in marine and coastal ecosystem-based management

To mobilize and exchange **knowledge resources, new scientific applications and tools**

To mobilize partners to **enhance the LME community's efforts** towards implementation of **Strategic Action Plans (SAPs)** as well as implementation of the **Agenda 2030's SDG14 targets**

Specific Objectives (1)

- To **reconnect LMEs and Coastal Partners** after the LME21 meeting in 2019
- To further **enhance LME process and partnerships** and **review projects progress** in regions
- To consider **recent ocean governance developments** and their implications for the LME partnerships
- To advise on the further **improvement of the TDA/SAP process for LMEs**
- To **promote Source-to-Sea collaboration** by facilitating the participation of River Basin Organizations

Specific Objectives (2)

To assess the **impact** produced by the portfolio

To consolidate input to **IWC10**

To revisit, update, and help implement the **LME Community Medium Term Framework Strategy**

<u>Feedback from portfolio</u>
What worked well?
What should be done differently?

Expected Outputs

1. Agenda topics and dates of the **LME23**
2. Input to the **IWC10** in October 2023
3. Advancement on the **medium-term framework strategy**
4. Proposal for the GEF Independent Evaluation Office (IEO) to **assess the LME approach promoted by IW**
5. Definition of **outreach activities** for the coming year

Three days of fruitful, inspiring and engaging discussions!
