Prefect with the organizing committee of the International Conference on Water

Nikola Dobroslavić prefect at the meeting with the organizing committee of the International Conference on Water talks about the sixth conference to be, with about 350 participants from 80-odd countries in the world, held in mid-October in Dubrovnik.

Specifically, UNDP (Development Programme United Nations) and GEF (Global Environment) every two years organizing a conference on water, and so far have been held in Hungary, Brazil, South Africa, Australia and China. In Dubrovnik, the GEF and celebrate 20 years of work on projects related to protection of "the most valuable resource-water."

Representatives of the organizing committee-Vladimir Mamaev (UNDP), Christian Severin (GEF), Mishal Hamid (International Waters-international waters) and Iouri Oliouline (UNESCO) with the County were discussed about the possibilities and manner in which the Region to contribute to the organization of the conference. The stressed that the conference will be representatives of all UN bodies and the World Bank and that they desire to be present in Dubrovnik and collect the smell and taste of the Mediterranean ".

Prefect Dobroslavić, with whom at the meeting were also representatives of the County Development Agency DUNEA Helena Kangjera and Head of Municipal Affairs, Transport and Communications Minister Ivo Gjaja, organizatorima said the county is involved in organizing this international conference.
